Hello!

This is an FYI - Please find attached CDC's comments on the arbovirus memo. I will take a first stab at addressing their comments and then send a revised version to you for your review.

Subject: Arbovirus memo for review

Hello,

As discussed, please find attached the arbovirus memo for your review. We attempted to capture yesterday's discussion as comment bubbles and added additional thoughts based on those conversations. If possible, we would request your edits by COB June 23rd.

Please feel free to make your edits directly in the document, but we would request you do so using the track changes option. Based on your input we will revise the text and send the memo around a second time for final signature.

With best regards,

Wiebke
